

Add value.
Inspire trust.

ISO 37001:2016 Anti-Bribery Management System Awareness E-Learning

Course Description

Businesses the world over are facing and combatting an ongoing practice of bribery and corruption that poses a threat to the brand's trust and reputation. Here is a new qualification in reducing occurrences of corruption in your company or organisation.

Introducing ISO 37001:2016 Anti-Bribery Management Systems (ABMS) Awareness Course.

In this e-learning course, you will have an overview of the scope of ABMS and the step-by-step process to successfully set up an ABMS. Discover how to analyse and evaluate bribery risk assessment methods to effectively mitigate corruption risks.

This e-learning course is especially designed for learners on the go. It provides you the convenience of self-paced learning allowing you to boost your competency and add value to your career.

Who will benefit

This course is specially designed for:

- Any personnel involved in developing, implementing, maintaining, or auditing an Anti-bribery management system
- Any person seeking a better understanding of managing Anti-Bribery risks in their organisation

Course Objective

Through this course, you will gain in-depth knowledge of setting up an ABMS—understand the purpose and benefits of this standard, and also learn how to apply the requirements in your organisation which minimises the risk of bribery and enables you to maintain customer trust. Thus, creating confidence in your product and services in today's competitive global market.
