M50
Standard pressure resistant crucibles for Differential Scanning heat flux Calorimeters

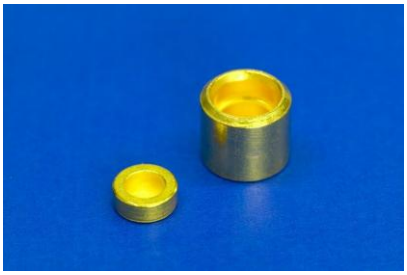

Reliable:
Based on the standard crucible that was used and sold to our customers for more than 20 years.
The sealing system, consisting of only a lid, allows lower sealing pressure and is easier to use.

Available:
These crucibles and lids are usually available from stock in small quantities.
Please find informations on how to order at the end of this paper.

Compatibility:
For the old Mettler Toledo DSC, crucibles with a bottom pin are still available.
Please indicate in your purchase order if you want such crucibles.
