

Quality Policy

**Add value.
Inspire trust.**

TÜV SÜD South Asia as a premium quality, safety and sustainability service provider is committed to provide value added services to its customers, and maximise customer satisfaction through consistent operations and continual improvement of its Quality Management Systems.

- This shall be attained through ensuring competence of employees, objectivity and impartiality in all the business activities and adequate operational controls.
- We are committed to comply with applicable standard requirements for respective activities as they apply.
- To comply with laid down policies, we ensure that all employees familiarise themselves with the policies of the company and related documentation.
