Getting started with Live Online Training

Your Training at
TÜV SÜD Akademie

Course Description

Live online trainings are trainings where participants and trainers meet synchronously in a virtual classroom. That's why they are also called Virtual Classroom Trainings (VCS). Course contents are imparted efficiently and interactively. An appropriate VC tool provides the opportunity of engaging in a dialogue and learning together online. Owing to the particular dynamics of our times, demands in training and teaching in VCs are growing fast.

The course aims at:

- providing basic and tangible knowledge for trainers and facilitators on how to successfully conduct Live Online Trainings

Who will benefit

This course is specially designed for Trainers, Facilitators, Coaches, Teachers or Managers and everyone who is working with groups online.

Course Objective

In this course you:

- Learn about the similarities and differences between virtual classroom (VCS) and face-to-face trainings.
- Discover the challenges and opportunities of VCS.
- Become acquainted with the most important VC functions.
- Get to know the roles and functions of trainers in a VC.
- Learn how to activate participants and bring interactivity into your VC.

Course agenda

Topics to be covered in this course include:

- Discovering the virtual space
- Being a successful live online trainer
- Motivating and inspiring participants in VCS

Methodology

The course comprises a variety of training tools such as videos, animations and interactive exercises to enhance instructional delivery. Easily accessible via your preferred choice of device, the course allows you to log in and learn whenever, wherever. The cumulative duration of the program is 45 min.
