# ISO 55001:2014 Asset Management (Management Systems – Requirements) E-Learning

## Course Description

Assets are critical for sustaining performance and profitability in capital-intensive industries. The highly competitive nature of these industries means every failure of assets including buildings, infrastructure or equipment, are disruptive and costly.

Through this course, you will gain insights into the ISO 55001:2014 framework for Asset Management System and learn how you can identify opportunities to increase the value realised from your organisation's assets through the effective implementation of an Asset Management System that meets the requirements of ISO 55001:2014.

This e-learning course is specially designed for learners on the go. It provides you the convenience of self-paced learning at a flexible time and pace.

## Who will benefit

This course is specially designed for professionals and managers who wish to gain knowledge and understanding of Asset Management and ISO 55001:2014.
